**BARREL FACTORY BURNS.**

Two Firemen Overcome—Property Loss of \$35,000.

Boston, Oct. 10.—The big barrel manufacturing establishment of Goepper Brothers on Ninth street, East Cambridge, burst into flames at 1:45 yesterday afternoon, endangering the lives of sixty workmen and threatening scores of nearby tenement houses. The whole city department, summoned by a general alarm, aided by apparatus from Somerville, fought the flames, which were finally subdued after causing a loss of \$34,500.

Locomotives were hurried over from the Boston & Maine yards to draw away several trains of freight cars laden with valuable merchandise, which were standing on the side tracks adjacent to the burning buildings.

Two firemen, Thomas Minnebaugh of Ladder 2 and Charles Ledy of Engine 3, were badly overcome in fighting the flames, and are now in a critical condition. Several of the workmen, partially overcome in escaping from the blazing factory, were cared for in nearby houses.

**BAD NOVA SCOTIA FIRE.**

Forests Aflame from Cape Sable as Far as Port Mouton.

Halifax, N. S., Oct. 10.—Immense forest fires were reported yesterday from Cape Sable to Port Mouton by a steamer which arrived during the night from Yarmouth. The flames are fanned by heavy westerly winds, it is said, and already heavy damage has been caused in the large timber tracts of that region and unless the wind changes soon the losses are expected to mount unusually high.

**SUMMER HOTEL FIRE.**

Monday House at Colebrook Gutted Yesterday Morning.

Colebrook, N. H., Oct. 10.—The Monday House, a four-story wooden hotel structure in this town, was damaged to the extent of \$6,000 by fire early yesterday. Several guests were obliged to leave the building hastily, but no one was injured. The central part of the main building was burned out. The fire started in a store room in the basement from an unknown cause.

Mrs. Fad—Well, he brought me home a \$30,000 necklace—Brooklyn Life.

**Your Money Back IF CAL-CURA FAILS.**

If you have an aching back, back dullness, or inflammation and pain in bladder or kidneys, get a bottle of Cal-Cura Solvent, Dr. David Kennedy's latest medicine. Its effect is marvelous; so uniformly successful that we offer you your money back if it does not help you. Cal-Cura Solvent dissolves stones, gravel and uric acid in kidneys and bladder. If it did not have this power, we could not afford to sell it on a guarantee like this.

We are warranted in doing this, for it has a record of cures in nine out of every ten cases. It is not a patent medicine; it is a prescription from the hands of that skilled physician and surgeon, Dr. David Kennedy, and used in his private practice with uniform success. Write The Cal-Cura Co., Kingston, N. Y., for a free treatment bottle.

E. A. Drown, Barre, Vt.

**NEW YORKS TOOK FIRST**

Defeated Philadelphia For World's Championship.

BY SCORE OF THREE TO 0

Great Christy Mathewson Was an Enigma for the Athletics—Four Scattered Raps Off Him—Plank Hit Hard.

Philadelphia, Oct. 10.—The New York Nationals defeated the Philadelphia Athletics in the first game for the world's base ball championship yesterday afternoon, shutting them out, 3 to 0, before a crowd estimated at 26,000 people, the largest base ball attendance ever known in this city. The New York victory was due largely to the great Christy Mathewson, who pitched a superb game, allowing the Athletics only four scattered hits and being steady at all times. Mathewson was quite badly hurt in the fifth inning by a swift-batted ball, but pluckily resumed playing, after having been carried to the bench.

The crowd began to gather as early as 9 o'clock in the morning, and by the time the game started every bit of available room was taken, there being an immense overflow crowd out in the field. The crowd was largely with the home team, but New York also had its rooters.

Plank was sent to the firing line by the Athletics. He was touched up for ten hits, gave two passes and struck out five men. The heavy hitters of the New Yorks bunched their hits. The Giants came within an ace of scoring in the first inning when Plank hit Bresnahan in the leg. Bresnahan was forced by Browne and Doolin was out on an easy fly. But McGinn doubled into the right field crowd, and Browne landed on third. Plank steadied however, and struck out Mertes. It also looked bad for the home team in the second inning, when with one down, Davis beat out a hunt and Gilbert did the same. The two Giants then did a double steal. Mathewson fanned, and Plank purposely gave a pass to Bresnahan. Browne hit to M. Cross and was out at first.

Hartsel made the Athletics' first hit off Matty in the fourth, but was forced. Matty started off New York's fifth with a single to center but he was forced on Bresnahan's grounder to M. Cross, who also took Browne's fly. Doolin smashed the ball into left for a base, and Bresnahan scored the first run. Doolin had made second on the play. McGinn got a pass and then Mertes hit into the crowd. Lord jumped for it but could not hold it, Doolin scoring. Dahlen tied the score.

In the sixth Doolin flied to Lord, and Gilbert singled. He was out trying to steal. M. Cross ended the inning by making a sensational one-handed stop off Mathewson. Shreck made the Athletics' second hit, a double, in the same inning, but there was nothing more. Murphy doubled in the eighth, the third hit, and died on second.

The ninth was productive of a run for the visitors. Gilbert made his third hit of the game, and was sent along by Mathewson's sacrifice. Bresnahan singled, and Gilbert scored. Browne and Murphy were easy outs. For Philadelphia Davis got the fourth hit made by his side, a double, but went no further than second base.

**FAVORITES LOST THE GAME.**  
Boston Nationals Defeated the Americans, 5 to 2, Yesterday.

Boston, Oct. 10.—The two Boston ball teams met yesterday afternoon for the first game in the city championship series, and nearly 10,000 people saw the favorites, the Americans, go down to defeat before the Nationals by the score of 5 to 2. The latter outplayed and outbatted their rivals. Willis had all the advantage over Dineen, allowing but seven hits, to nine by Collins' pitcher. Up to the ninth inning Willis had given but four hits.

Tenney's tribe broke the ice in the first inning. Batty worked Dineen for a pass and then Tenney batted a beauty down the third base line, scoring Batty. The Nationals singled twice in the second inning, but a double play broke up the combination.

In the fifth Moran doubled for the Nationals, and Selbach did for the ex-Champs, but the runners got no further. Dolan made another run for the despised tribe in the sixth, making a hit, going to third on Burkett's error, and coming home on Deleahanty's single.

Burkett tripled in the seventh and came in on Grimshaw's hit. It looked like more scores for Collins' men, as Selbach singled. But Willis settled down and struck out Ferris. Criger fouled out and Willis tossed over Dineen's attempt.

The victory was put beyond question in the ninth, when Dineen dropped Wolverton's pop. Cannell followed it with a single. Raymer popped to Grimshaw, Moran tripled, scoring Wolverton and Cannell. On Willis' fly to Burkett Moran scored. Batty fouled to Criger. Three of the ex-Champs singled in succession in the ninth, Grimshaw, Selbach and Ferris. Then Criger hit to Tenney, and Grimshaw scored on the out. Freeman flied out and Parent flied to Cannell.

**Third National League Victory.**

St. Louis, Oct. 10.—The local National League team won the first of the inter-league post-season series yesterday in the seventh inning on two bases on balls, an error and three singles. Attendance, 1,800.

Score by innings:  
Nationals ..... 0 0 0 0 0 4 0 0 — 4  
Americans ..... 0 0 1 0 0 0 0 0 — 1  
Batteries, Taylor and Grady, Howell and Spencer; hits, by Nationals 6, by Americans 3; errors, Nationals 4, Americans 1.

**MAYOR OF FRANKFORT KY.**

Tells What Vinol Is Doing in the South.

"To Whom It May Concern: For the benefit of the people of Barre permit me to say a few words in the columns of the Times endorsing the peerless merits of that modern cod liver oil preparation, Vinol.

"For years I suffered from indigestion, stomach trouble, and general nervous debility. I had spent lots of money

MAYOR DARNELL.

with different doctors and tried all kinds of medicines, but without any benefit whatever.

"Some of the city officials and prominent citizens here called my attention to what Vinol had accomplished for them and induced me to give it a trial. I must confess that it certainly worked wonders for me. It was delicious to take and did not upset my stomach like old-fashioned cod liver oil and emulsion; it gave me a hearty appetite, cured my stomach trouble and strengthened and invigorated my entire system. I wish every sick person in Barre would try this great cod liver oil preparation, Vinol." J. S. Darnell, Mayor of Frankfort, Ky.

Mr. Wells of Rickert & Wells, our local druggists, says: "The above letter is perfectly genuine and we endorse all Mayor Darnell says. We guarantee Vinol to increase the appetite, cure stomach troubles, renew the vitality of the aged, build up the run down, tired and debilitated, make the weak strong, cure chronic coughs, colds and build up the convalescent, or we will return to the purchaser every dollar paid for it." Rickert & Wells, Druggists.

**STRUCK ON HER HEAD.**

Rutland Girl Jumped from Moving Electric Car.

Rutland, Oct. 10.—Ina, the 12-year-old daughter of Mr. and Mrs. George H. Baker of Park street, was painfully injured yesterday by jumping from a moving trolley car at the corner of East Washington and South Main streets. The child was on her way to school and the car would have stopped for her at the north crosswalk, but she jumped off at the south walk while the trolley was still well under way.

She struck on her head and was picked up unconscious. The conductor of the car tried to prevent the girl jumping, but his warning was too late. Under medical treatment she soon regained her senses.

**A RUTLAND MARRIAGE.**

Rutland News City Editor Kirk and Jane Christie Temple.

Rutland, Oct. 10.—George Leavitt Kirk, city editor of The Rutland Evening News, and Miss Jane Christie, daughter of J. C. Temple, president of the Temple Brothers Granite and Marble Works, were married this afternoon at 2 o'clock at the home of the bride's parents on Summer street by Rev. George Gilmore, pastor of the Congregational church. The bridesmaid was Miss Mary W. Temple, sister of the bride, and Samuel B. Kirk, the groom's brother, was best man. The ushers were J. Raymond Temple of Rutland, and John N. Paige of New York.

Mr. and Mrs. Kirk will reside at 41 Williams street.

**Why He Believes.**

Pat—Do you believe in ghosts, Moike? Mike—Of do. Oi don't think there's a ghost of a chance as me iver becomin' Prisdint av Amerikey—Star of Hope (Sing Sing rPison).

**THE DANGER TO THE CHILD**  
May be real or the snake may be a harmless one, but there is danger that menaces every child's life if the mother is deficient in womanly health and functional vitality.

Thousands of women have borne their sufferings and kept their troubles to themselves from motives of delicacy and female childhood has paid for it. Dr. Pierce, forty years ago, consulted Nature, and found that she had provided remedies in abundance for the cure of woman's peculiar ailments and weaknesses. He found that non-alcoholic glyceric extracts of Golden Seal root, Blue Cohosh root, Unicorn root, Black Cohosh root and Lady's Slipper root, combined in just the right proportions, gave such surprising results that this compound soon became a standard favorite of his in the treatment of such cases. In a little time the demand for it became so great that he determined to put it up and provide for its general sale so that the multitudes needing it could readily supply themselves.

This is now known all over the civilized world as Dr. Pierce's Favorite Prescription, and its unparalleled record of hundreds of thousands of cures, in the last forty years, justifies all that can be said of it.

It is non-alcoholic, non-narcotic. It is safe and reliable for any woman, of any age and in any condition, to use.

Dr. Pierce's Pleasant Pellets—only one or two a day will regulate and cleanse and invigorate a foul, bad Stomach, torpid Liver, or sluggish Bowels.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for \$1 one-cent stamp, or cloth-bound for \$1 stamps. Over 1000 notices and illustrations. Address Dr. R. V. Pierce, Buffalo, N. Y.

**\$600,000 IN PAPER**

Item In Mutual's Printing and Stationery Awarded.

HUGHES "WANTS TO KNOW"

Book Store Connects With the Home Office — The Equitable and New York Life Are Outdistanced.

New York, Oct. 10.—When Chief Inquisitor Hughes resumes his investigation of the Mutual Life Insurance Company's affairs today, he will direct his inquiry with a view to disclosing the true relationship between President McCurdy's concern and the stationery establishment of Lyander W. Lawrence at 40 Nassau street, occupying the north-west corner of the big home building.

This establishment, which is known variously as the "McCurdy book shop," and the "book store to the Mutual," immediately adjoins the company's supply department. A short passageway and a swinging door connects the two.

This arrangement, providing such admirable means of intercommunication between the shop of Mr. Lawrence and the supply depot of the Mutual, is easily explained when it is understood that it is through the Lawrence book store that the greater part of the vast amount of printing work and stationery required by the company is contracted for and secured.

Just why Lyander W. Lawrence, stationer, should have a virtual monopoly of the Mutual's business, occupying a choice corner of the Mutual's home building, is a matter concerning which Mr. Hughes and the members of the legislative investigating committee desire information. The item of \$1,134,838.76, covering in the company's report for 1904 printing, stationery, postage and advertising, has already come in for some question, but Auditor Prelor told little that would show light upon the matter. Mr. Hughes, therefore, will call upon Mr. Lawrence himself.

One of Mr. Hughes' questions will be put with the object of ascertaining whether Mr. Lawrence or any of his associates are related to officers of the Mutual. Every purchase by the Mutual of stationery will be questioned, and the cost to the company of each article in question will be carefully examined.

And an indication of the profit to the Lawrence concern from its connection with the Mutual that company reports that it paid last year for printing and stationery alone, \$601,101.21. The Equitable, which has no book store, paid for its printing and stationery in the same period \$275,060.20. The New York Life, which, like the Equitable, is without a book shop annex, paid \$420,298.83 for its printing and kindred supplies.

A comparison of the amount of business done last year by each of the companies comprising the "big three" does not show any appreciable difference to account for the excessive expenditure by the Mutual for its printing and stationery, nor would any of the officers of the Mutual seen yesterday by a Globe reporter, explain the disparity.

**TRAINS IN A CRASH.**

Accident Near Carthage and Engineer Badly Hurt.

Syracuse, N. Y., Oct. 10.—A special from Watertown to the Herald says: While rounding a curve on the Rome, Watertown & Ogdensburg division of the New York Central railroad half a mile west of Carthage yesterday morning, Utica passenger train No. 401 ran into the rear of east-bound freight No. 483. The debris blocked the tracks three hours.

Passengers were shaken up, but none seriously hurt. Engineer William Bell of Utica jumped and was badly injured. Fireman J. A. Hall of Watertown, who also jumped, escaped with slight bruises.

**VOTE TO DISCONTINUE.**

Burlington Law Library Will Cease to Exist After 35 Years of Being.

Burlington, Oct. 10.—The members of the Burlington Law Library Association an organization which has been in existence 35 years, met yesterday afternoon and voted to wind up the association's affairs. The members voted to discontinue the library, to pay off the indebtedness and sell the books. The money left will be divided among the members in proportion to the amounts they have put in. The library consists of about 1,000 volumes of state reports and some federal reports. They are generally considered as valuable.

**CROWE WARNS CAPTORS.**

On Way to Omaha He Tells Detectives to "Look Out."

Ogden, Utah, Oct. 10.—Pat Crowe, alleged kidnapper, spent two hours here Sunday night on his way to Omaha. He was handcuffed to a detective, and accompanied by two Omaha newspaper men.

Crowe has warned his captors that they had better "look out" for him. He is well supplied with money, which the police failed to find when they searched him.

**How's This?**

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDO, KENNAN & MARTIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

**ARE YOUR LUNGS EASILY AFFECTED**

A Little Precaution Now may Save a Lot of Trouble Later—Remember, "An Ounce of Prevention is Worth a Pound of Cure."

Weak Lungs are a constant source of danger and one cannot be too careful during this trying winter weather. People are altogether too prone to neglect what they term a "little cold." This cold is very often the forerunner of death. From a "little cold" it develops into a big one, and then follow serious complications. A cough starts in the throat. No particular attention is paid to this, but it goes on slowly but surely getting in its deadly work. The cough gradually descends until it fastens itself upon the lungs, and then for the first time the victim begins to realize his danger. Unless energetic action is taken, this cough will develop into consumption.

Cod Liver Oil has long been recognized by medical authorities as the most efficient remedy in Throat and Lung difficulties. In Magee's Emulsion you get the purest Norwegian Cod Liver Oil combined with Extract of Malt. There is no ingredient in Magee's Emulsion that is not of benefit to the system. It acts almost immediately and its results are certain.

Restores Vitality and Strength. Miss Nellie Nolan of Syracuse, N. Y., writes: "I have been a long and patient sufferer from a lung difficulty; have taken a great amount of medicine and been under the care of several physicians, all of which finally failed to benefit me. I had lost two sisters and one brother from the dread disease of Consumption, and when the doctors gave me up, I thought I should follow them by the ravages of the same disease. I was terribly reduced in weight, scarcely weighing 100 pounds. I took Magee's Emulsion and at once began to experience relief, gained strength and now weigh 120 pounds. No other medicine could have done as much for my lungs as I am sure, and I can recommend it without hesitation."

Start taking Magee's Emulsion today. Don't wait until to-morrow, as that never comes. Don't wait until your cold has developed into that dread disease, Consumption. Magee's Emulsion will help you as surely as the sun will rise on the morrow.

**NO WINE—NO WHISKEY—JUST FOOD.**

Insist upon the genuine—take no substitute.

E. A. DROWN, DRUGGIST, BARRE, VT.

**WAR CLOUD OVER CHICAGO**

Strikes Expected From a New Alliance.

HANDLERS AND TEAMSTERS

Combine for "Offensive and Defensive" Action—All Who Take Part in Transfer of Freight Included.

Chicago, Oct. 10.—Sympathetic strikes in the future will probably be more prevalent in Chicago through an alliance between the teamsters and the railway freight handlers. The first steps to form a merger of these unions for "offensive and defensive action" were taken Sunday. The name of the new federation is the Shipping Trades' Alliance. It aims to embrace all organized workers whose occupations bring them into contact in any way with the transfer of freight. President P. J. Flannery of the International Freight Handlers' association appeared before the Truck Drivers' local and explained the purpose of the Shipping Trades' Alliance. The teamsters regarded the plan to join forces with much favor. A committee was appointed to confer with the freight handlers concerning the policy of the new federation.

**ARGUMENTS FOR PACKERS.**

The Hearing on Indictments Open in Chicago

Chicago, Oct. 10.—Arguments against the indictment of the packers charged with conspiracy to monopolize the meat trade of the country began yesterday before Federal Judge Humphrey. John S. Miller, counsel for the defendants, opened the arguments, using the demurrer filed last Friday as a basis.

**WORST IN YEARS.**

Car Famine Looking More and More Serious in West.

Chicago, Ill., Oct. 10.—It is a question now of cars and engines to move the business in sight. The railroads do not have to go out for tonnage, it comes unsolicited, and is pressing from all directions. The movement is heavy in all directions, especially in the Missouri river territory. From present indications there is a serious time ahead this winter, as there is no immediate prospect of a let-up in the heavy movement of merchandise or coarse freight.

The corn crop has been finished. It is beginning to be fed and a little new is seeking markets, but the quantity of old held back is small and receipts are light, so that its loss has affected the grain traffic in the deliveries at Chicago. Deliveries here last week were 6,206,000 bushels, a decrease of 553,000 bushels, or 8.2 per cent over last year. It is 29 per cent above the average for the past five years.

All eastern roads have more tonnage than cars and engines to handle it. The situation is the worst in recent years. It is felt most acutely east of Chicago, and in the vicinity of Buffalo and Pittsburg. At Buffalo the railroads absolutely refuse to take grain for the seaboard, even at the recent advance in rates.

There is a very large quantity of grain sold to go out between now and the 1st of January, or after the closing of lake navigation. Even now shippers are unable to get grain from Buffalo to the seaboard to fill ocean engagements. Merchandise traffic is heavy, and there is all the general freight the roads can handle.

**IN MEMORY OF CHILD.**

Head of Harvester Trust to Build Workmen's Houses.

Chicago, Ill., Oct. 10.—A memorial to a child's sympathy for toilers is about to be created by Cyrus H. McCormick, millionaire head of the Harvester Trust. The child was his daughter Elizabeth, who died last January at the age of 12. For two years before her death she had thought and talked of nothing but better houses for the men who labored for her father.

**ANOTHER EARTHQUAKE SHOCK AT MONTELEONE**

Calabria Inhabitants Thrown Into Panic by Strong Tremor at 10 O'Clock Sunday Night.

Monteleone, Calabria, Italy, Oct. 10.—A strong earthquake shock was felt here at 10 o'clock Sunday night, and caused a panic among the inhabitants, who are still suffering from the terror and privation resulting from the last catastrophe.

**WITH MANY FLOWERS.**

Enthusiastic Receptions for Miss Alice Roosevelt.

Tokio, Oct. 10.—Miss Alice Roosevelt was given an enthusiastic reception at Nikko. Nearly all of the prominent families were represented at the station to receive her. During the journey she received greetings of welcome at the principal stations. At Utsunomiya she was met by the governor and delegates from the Ladies' Patriotic League, who presented flowers.

Count Inoye will give a garden party today, Oct. 10, at his artistic residence in honor of E. H. Harriman, president of the Southern Pacific Railroad company. The guests upon the occasion will include the leading society people and business men of the city.

**FRANCE REBUFFS CASTRO.**

Greetings Made by Venezuela Rejected by the French Minister.

Paris, Oct. 10.—It was announced here yesterday that President Castro of Venezuela had made advances to the French minister looking to a settlement of the diplomatic misunderstanding which has existed between the two countries as well as of the differences existing between his government and the French Cable Company.

The overtures were refused by the French minister, however, because he did not consider them sufficient.

**RIVALS TO COUNT WITTE.**

Muraviev and Ignatieff Want Presidency of New Russian Cabinet.

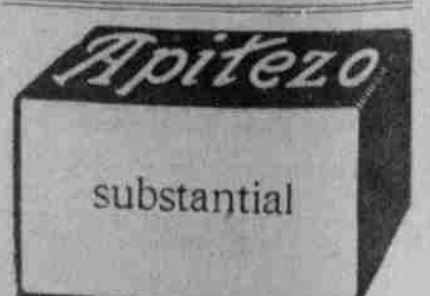

St. Petersburg, Oct. 10.—Two rivals to Count Witte, the Russian peace envoy, are announced as candidates for the presidency of the new cabinet.

These claimants are M. Muraviev, former minister of justice and now ambassador to Rome, who was originally appointed as Russia's ranking plenipotentiary to the Portsmouth conference, but later was succeeded by Count Witte, and Count Ignatieff, former minister of the interior, who was one of Count Witte's predecessors in office.

**LAST WEEK OF EXPOSITION.**

Lewis and Clark Show Has Been Successful.

Portland, Ore., Oct. 10.—This week will mark the close of the Lewis and Clark Exposition after a successful career not anticipated by even the most enthusiastic supporters of the project. Before the closing day is over the fair will have recorded an attendance of practically 2,250,000 persons, which considering the fact that the combined population of the old Oregon territory is hardly equal to that number, is almost phenomenal.

**DERRICK STICKS**

We carry a full assortment in stock constantly. We have just received a full cargo of 600 Oregon sticks from Puget Sound by ship, from 60 feet by 10 inches to 124 feet by 32 inches diameter. Will sell by lots or single sticks and guarantee our sticks in every respect.

Prices to compete with rail shipments.

We also ship by rail and would be pleased to quote prices at any time.

**BOSTON OREGON MAST CO.,**  
Office and Dock,  
116 Conder Street, East Boston, Mass.
